

AHPRA Notice

Name: _____ cc All Medical Practitioners

We seek your help in reigning in AHPRA's excesses and harm to Doctors. 16 Doctors reportedly dead – with AHPRA's actions the foremost contributing factor - and no charges laid. Thousands of Docs receiving punishments and re-education.. A conviction for inadequate medical records guaranteed if accused, with no possibility of successful challenge. Professional Development requirements being unnecessarily complex and difficult.

And though AHPRA exists to protect the public- the public is suffering as well. **NO MORE!**
